

OSHCA 2007 Conference Schedule

DAY 0 – Monday, 7th May

Date	Banquet hall
Topic	Welcome to Kuala Lumpur

15:00-20:00	Registration	<i>Please watch for sign to the Registration area.</i>
20:00-22:00	Welcome Reception and Dinner at Poolside	<i>Please join us for a meal and a relaxing time to meet new friends and acquaint with old ones.</i>

OSHCA 2007 Conference Schedule

DAY 1 – Tuesday, 8th May

From	To	Duration	Banquet hall	Selangor Suite	Pahang Suite
Topic					
FOSS Concepts & Status					
08:30	09:30	01:00	Registration (Joint Session)	Empty	Empty
09:30	10:30	01:00	Opening Session		
10:30	11:00	00:30	Coffee/Tea Break		
11:00	11:45	00:45	Plenary #1 The Future of FOSS is now Opening Plenary – Overview of FOSS and it's role in the Health care arena Joseph Dal Molin - Canada		
11:45	12:30	00:45	Legal issues impacting the use of open source software in health care GK Ganesan - Malaysia		
12:30	14:00	01:30	Lunch Break	Lunch Break	Lunch Break
Topic					
FOSS Applications/ Projects					
FOSS Concepts					
FOSS Business Concepts					
14:00	14:45	00:45	Session #1 MyOSCAR – an Open Source Personally Controlled Health Record Dr. David Chan - Canada	Session #5 Challenges towards Adoption of FOSS Medical and Health Information Systems in Pakistan Fouad Riaz Bajwa - Pakistan	Session #9 Continuity of Business with Vista/GT.M/Linux K.S. Bhaskar - USA
14:45	15:30	00:45	Session #2 Collaborative–Developing an Open Source Electronic Medical Record System and Integrated Healthcare Chris Seebregts - South Africa	Session #6 Open Source Projects in Public Health for Developing Countries Luciana Tricai Cavalini - Brazil	Session #10 Free/Open Source Software (FOSS): Towards a post- capitalist society M. Farhad Hussain - Bangladesh
15:30	16:00	00:30	Coffee/Tea Break	Coffee/Tea Break	Coffee/Tea Break
16:00	16:45	00:45	Session #3 Key to Sustainable Development in Thai Hospitals Dr. Kongkiat Kespechara - Thailand	Session #7 Perspectives on the Opportunities and Issues of FOSS for Health Care Workers Irma Saligumba - Philippines	Session #11 Critical success factors for implementing open source IT infrastructure – an experience sharing Seah Hong Yee - Malaysia
16:45	17:30	00:45	Session #4 Community Health Information Tracking System (CHITS) Alvin Marcelo - Philippines	Session #8 Open Source-based District Health Management Information Systems (Case in Wonosobo District, Central Java Province, Indonesia) Anis Fuad - Indonesia	Session #12 Open-source Electronic Medical Record Building a support ecology, the OSCAR experience Jel Coward - Canada
19:00	22:00	03:00	OSHCA Dinner (Chinese) and Cultural Show -		

OSHCA 2007 Conference Schedule

DAY 2 – Wednesday, 9th May

From	To	Duration	Banquet hall	Selangor Suite	Pahang Suite
			Interoperability & Standards	FOSS Applications / Projects	Workshops
08:30	09:00	00:30	Announcements (Joint Session)		
09:00	09:45	00:45	Plenary #2 Healthcare Interoperability Health Information Governance Dr. S. Selvaraju - Malaysia	Empty	Empty
09:45	10:30	00:45	FOSS and Open Standards Dr Nah Soo Hoe - Malaysia	Empty	Empty
10:30	11:00	00:30	Coffee/Tea Break	Coffee/Tea Break	Coffee/Tea Break
11:00	11:45	00:45	Session #13 Open Enterprise Master Person Index Will Ross - USA	Session #19 WorldVistA EHR and the VistA Office Project Joseph Dal Molin - Canada	Workshop #1 Sahana: FOSS Disaster Management System Ravindra De Silva - Sri Lanka
11:45	12:30	00:45	Session #14 The openEHR Overview Timothy W. Cook - USA	Session #20 GT.M - the ideal database for your health care application K.S. Bhaskar - USA	Workshop #2 Vista Office EHR (VOE) Registration Duane Decouteau - USA
12:30	14:00	01:30	Lunch Break	Lunch Break	Lunch Break
			Interoperability & Standards	FOSS Applications / Projects	Workshops
14:00	14:45	00:45	Session #15 Integration and Interoperability Experiences in Healthcare IT M. Farhad Hussain - Bangladesh	Session #21 WorldVistA EHR: The Foundation For An Open Health Care Architecture Duane Decouteau - USA	Workshop #3 MUMPS Programming Chris Richardson - USA
14:45	15:30	00:45	Session #16 HL7 Interoperability Standard Dr Lee Seldon - Australia	Session #22 QEMU Virtual Machines - a fast and friendly way to create software appliances K.S. Bhaskar - USA	Workshop #4 MUMPS Programming Chris Richardson - USA
15:30	16:00	00:30	Coffee/Tea Break	Coffee/Tea Break	Coffee/Tea Break
16:00	16:45	00:45	Session #17 Mirth Implementation in VistA Mark Amundson - USA	Session #23 Hematology Lab System: A Live Case Study Boh Heong Yap - Malaysia	Workshop #5 VistA FOSS Stack Clinic K.S. Bhaskar - USA
16:45	17:30	00:45	Session #18 Matching and Disclosure Choices of Person's Health Records Across Institutional and Political Boundaries Cameron Schlehuder - USA	Session #24 VistA Logical Schema and Some Future Directions Chris Richardson - USA	Workshop #6 VistA FOSS Stack Clinic K.S. Bhaskar - USA
17:30	23:00		Dinner on your own. Ad-Hoc discussions, demos, etc.		

OSHCA 2007 Conference Schedule

DAY 3 – Thursday, 10th May

From	To	Duration	Banquet hall	Selangor Suite	Pahang Suite
			Trends in Healthcare Informatics Technology	Use of FOSS	Workshops
08:30	09:00	00:30	Announcements (Joint Session)		
09:00	09:45	00:45	Plenary #3 Trends in Healthcare Informatics Technology Debate: Proprietary vs. FOSS: Issues - Moderated by Dr. HM Goh - Malaysia	Empty Empty	Empty Empty
09:45	10:30	00:45	Debate: Proprietary vs. FOSS: Issues - Moderated by Dr. HM Goh - Malaysia	Empty	Empty
10:30	11:00	00:30	Coffee/Tea Break	Coffee/Tea Break	Coffee/Tea Break
11:00	11:45	00:45	Session #25 BuddyWorks Telehealth Project Alvin Marcelo - Philippines	Session #31 Hospital Management Information System (HMIS) Pakistan Institute of Medical Sciences (PIMS), A unique success story: Could we do better with Open Source software? Haroon Khan - Pakistan	Workshop #7 Key Signing Timothy W. Cook - USA
11:45	12:30	00:45	Session #26 Implications of FOSS in improving physician acceptance of health care IT. Timothy W. Cook - USA	Session #32 GEM: The use of generic engine to develop modules by non-programmers Jason Tan Boon Teck - Malaysia	Workshop #8 A Computerized Data Visualization Tool for Medical Data Analysis: A Case Study on Acute Stroke Chee Peng Lim - Malaysia
12:30	14:00	01:30	Lunch Break	Lunch Break	Lunch Break
			FOSS Applications/ Projects	FOSS Applications/ Projects	Workshops
14:00	14:45	00:45	Session #27 A Portable Problem-Oriented Electronic Health Record (PPOEHR) Dr Lee Seldon - Australia	Session #33 Care2x Dr. Mohan Raj Pradhan - Nepal	Workshop #9 Developing an Integrated Medical Data Management Application for Handheld Computers using Two Open Source Applications, EpiHandy and OpenMRS Daniel Kayiwa - Africa
14:45	15:30	00:45	Session #28 NetEpi: free, open-source tools for epidemiology and disease outbreak investigation and control on the Internet. Tim Churches - Australia	Session #34 Touchscreen Patient Management on Rails Michael McKay - Malawi	Workshop #10 Developing an Integrated Medical Data Management Application for Handheld Computers using Two Open Source Applications, EpiHandy and OpenMRS Daniel Kayiwa - Africa
15:30	16:00	00:30	Coffee/Tea Break	Coffee/Tea Break	Coffee/Tea Break
16:00	16:45	00:45	Session #29 R Statistics Application Tim Churches - Australia	Session #35 Creating RDBMS-powered Content Management Systems with Plone Paolo Alexis Falcone - Philippines	Workshop #11 HISP Anders Gjendem - Vietnam
16:45	17:30	00:45	Session #30 Knowledge Sharing: Enriching Healthcare Knowledge and Practice through Peer Production Michel Bauwens - Thailand	Session #36 Zope/Plone/OIO - a software environment for clinical researchers and clinicians Nandalal Gunaratne - Sri Lanka	Workshop #12 HISP Anders Gjendem - Vietnam
19:00	22:00	03:00	Buffet Dinner and Informal Programme		

OSHCA 2007 Conference Schedule

DAY 4 – Friday, 11th May

Date	To	Duration	Banquet hall	Selangor Suite	Pahang Suite
Topic			Health Eco-system: OSHCA & You	Break out sessions	Developers Training
08:30	09:00	00:30	Announcements		Announcements
09:00	09:45	00:45	Getting to know OSHCA	Session #38 As and when requested TBD - n/a	Workshop #13 Securing health information using VPN Marvin Pascual - Singapore
09:45	10:30	00:45	Session #37 Building Communities of Practise – IOSN Khairil Yusof - Malaysia	Session #39 As and when requested TBD - n/a	Workshop #14 Why Use Postgresql for your next database-driven application? (And MySQL) Paolo Alexis Falcone (& Miguel Vega) - Philippines
10:30	11:00	00:30	Coffee/Tea Break		Coffee/Tea Break
11:00	11:45	00:45	OSHCA: Role in a Global Health Agenda for Sustainable Development	Session #40 As and when requested TBD - n/a	Workshop #15 GT.M Database Technical Overview K.S. Bhaskar - USA
11:45	12:30	00:45	OSHCA: Role in a Global Health Agenda for Sustainable Development	Session #41 As and when requested TBD - n/a	Workshop #16 Developing FOSS Applications with Python Boh Heong Yap - Malaysia
12:30	14:00	01:30	Lunch Break		Lunch Break
Topic					
14:00	14:45	00:45	AGM	Session #42 As and when requested TBD - n/a	Workshop #17 Ruby on Rails Miguel Vega and Aizat Faiz - Philippines/Malaysia
14:45	15:30	00:45	AGM	Session #43 As and when requested TBD - n/a	Workshop #18 Developing Health Applications using Frameworks: Experience with PHP-Cake (presenter pending) - Philippines
15:30	16:00	00:30	Coffee/Tea Break		Coffee/Tea Break
16:00	16:45	00:45	Getting FOSS Health Care Community Organized (Inter-organisational Relationship) - collaborative networks - virtual meetings	Session #44 As and when requested TBD - n/a	Workshop #19 Implementing open source applications in the commercial world - an experience sharing Robin Hoo - Malaysia
16:45	17:30	00:45	Getting OSHCA Organized (Inter-regional) - formation of Chapters & Country branches- virtual meetings	Session #45 As and when requested TBD - n/a	Workshop #20 Standardizing Enterprise Desktop Deployments using LTSP Marvin Pascual - Singapore
17:30	18:00	00:30	Joint Session – Closing Remarks
